# Japanese used car online shop, PicknBuy24.com,Website renewed

New look website Powered by New Search function and Quality control system!

PicknBuy24.com, a Japanese used car online shop (URL: http://www.picknbuy24.com, operated by AGASTA CO., LTD. listed on the Tokyo Stock Exchange,) has renewed their website with new functions. This website has sold more than 1,600 units from Japan to all over the world. (As of November 2008)

See new looking website >> http://www.picknbuy24.com/

### PicknBuy24.com improved "Search function" and "Quality control".

Japanese used car online shop, the PicknBuy.com has showed up with new features and interface.

There are new functions such as...

- Narrow car search
  Advanced search, stock list can be sorted and narrowed on each detailed request.
- Car request alert
  Email alert system t
- Email alert system that sends you an email alert with new match of your saved searches.
- Bookmark your favorite car Bookmark system that saves users' favorites car and shorten the time looking for the same car.

Also the cars will be redesigned and improved the condition with users' optional choice.

- Accessories:
  - Stereos, Alloy wheels and New tires can be attachable to the car.
- Mechanical Check

Free mechanic report for every car. Our certified mechanic checks all the cars with the engine, electric system. The car will be repaired or replaced spare parts if any problem found before shipment.

Ms. Matsuzaki (CEO of AGASTA CO., LTD. PicknBuy24.com's operating company) analyzes that renewed PicknBuy24.com will extend its target users by developing its search function and quality of products. According to PicknBuy24.com's research, the most important issue to be concerned when importing a car from Japan is whether it can maintain the quality and condition until the car arrives at their nearest port. Since most of the customers are individual buyers, not car dealers, the company made their effort to design an advanced website and ensured quality control.

PicknBuy24.com seeks opportunities to meet customer's request, and expanding sales in each country.

If you have any question about the news release, please contact Ms. Leann Kim (rihyangkim@agasta.co.jp)
